BIOGRAPHY:

We used to live in Bulgaria when I was a child and my parents always caught me vandalizing the walls, the furniture or any flat surface with my crayons and colored pencils. I guess they thought they have to do something about that. Twenty years later I graduated as a painter and art teacher under the mentorship of Péter Földi. During my university years I've picked up editing which got more serious later under the wings of László "Pamacs" Hargittai. From there drawing storyboards was just the most natural next step for me using everything I've learned as a painter and also as an editor. Nowadays I'm working as a freelancer dividing my time between drawing storyboards, editing and if I have time oil painting.

STORYBOARDS:

In the last couple of years I've provided storyboards and sometimes concept arts for many different projects from feature films to commercials and online games. In my latest major project I was drawing storyboards for the feature film "The Reckoning" by Neil Marshall.

My client list includes:

HBO Hungary | HBO Poland | Hungarian Film Fund | Norwegian Film Fund |
Fourth Culture Films UK | Béres Pharmaceuticals | Vodafone | Baba Cosmetics |
K&H Group | Taco Bell | Richter Gedeon Pharmaceuticals | Xixo
